### CAREER OBJECTIVES

Hi there, I am a **JavaScript Programmer**. My Primary Goal is to building Web Application by JavaScript Language. Building Application by React, Redux, Material-UI in **front-end** and Node & MongoDB in **back-end**.

I'm a **self-taught programmer**, though my academic qualification is little low, but I'm trying to fill-up that gap by Learning everyday something new on developing section.

Beside that I have to learn something more to complete the journey.
